TITUSVILLE, PA., MONDAY, AUGUST 31, 1868.

Titusville Morning Herald.

Our Foreign Letter. Special Correspondence of the Morning Herald Londow, August 10, 1868

To noon, August 10, 1808

Ye uppign acid the freen, who has not come one of the great st hoors to travelers to be found abroad with the determination to find nothing in Fuglish manners and customs equal to that which is to be found in his own country, will be greatly increased and instructed, and find many things, to admire, among the different of jets coming under his nonce during a sette in the least (ill one horse vehicles) have completely superceded has kneed contains in the case (ill one horse vehicles) have completely and find many which in may consider America to fixes the man by a which in may consider America to fixes the man by a which in may consider America to fixes the man by a consideration of the case (ill one fixes the case to make the case the consideration of the case (ill one fixes the case to make the case (ill one fixes the case to ma HARDWARE, which he may constact. Amora i to have the let tantage, he will be forced to concess that mean year many things, we have yet to make considerable progress before to can help to receive the force which progress before to can be perfectly the force which progress before to can be perfectly the force which progress before to can be perfectly the force which progress before the can be the first perfectly the force of the can be considered to the first perfectly the force of the can be considered to the first perfectly the force of the can be considered to the first perfectly the force of the can be considered to the first perfectly the force of the first perfectly the f that in the patienthe that of the new telescape in the increase of the sectors of I mile 8 x, we treated principles and the runwing principles that principles the principles to the pri distinuin the wir miscipal to the care of of thin ly s, and the to do -) in public self-NAILS. TIN PLATE, "weak recy repulied treat lands mall in thimb t four utusud in cur courtes, of this ham been used to it they seem that it to take core of the melical live is a few data to that favore of the it two the quant latrices amongs to a woman. I make not a party with his hot which

> d threat from I shruw y urng is ner

of mand is alchemated the first Hole c md class emparting theory mery tear bother and cross components. In the most of the presenter the monatter on seasons who set in a cross the cushion of the tractile hard seasons who set in a cross the Almopas on some who set in a cross the Almopas on pead d from the centre of the root in the only pead d from the centre of the root in the only of the first pead d from the centre of the root in the only of the first pead d from the centre of the root in the only of the first pead of from the centre of the root in the only of the first pead of from the centre of the root in the first pead of which can be opened or closed as pleasure. Windows at the sides supply light, but cannot be opened. Backs are previded for small by _a_to tor luggage, as it is called in this country.) and altogether account class accomo lationa un quite unfortible, unless the cars are very much rowhed, but inconvenience from this cause is The list class compartments for the most part, iccommodute six passing 18, with reals the rame us in a condicase, except that their is a division between the seals subducto the arringement on some of our own ranges, and the uphobacting is loth or plash, the padding extending to the root of the car Somewhat more liberal necommoda

tion is given for stering away small fuggige, and the Bormostly empited. The third class on ridge is generally reporte from the others than in some meetings on of the three compactments of the some every a la which we the other two lasses, and is, in internal arrangement, viry a hioring of any kind or recommedations for substantial momer, with bridges and tunnels numerous, in I built as though to list forever and from this circumstance, and the a moon in which the rius are consted to other such jolling and bounding as on experimen-on our own roads is never to be thought of Besides there is a giret freedom from dust, the sil s of the embankments being sodiled and in distory cases planted with thowers making the view pleasant indeed theaters; it is ichaved than would be thought of on our rands the

trains on the London and Northwestern Rul way making the run from Liverpool to Londen, a distince of two hundred and twelve in five hours, only stopping four times on the way. By a newly introduced arringement, the engine is supplied with weer without topping, the device by which this is done being simply a long trough placed between the find the largest and most complete line of house-building and shelf hardware in Western Pennshalasses, the system being so perfect that it is so that the recent Turrest in Hart ford, were stored in the most substituted character, and some of the most substituted in the recent substituted in every way to provide for the comfort of the recent Turrest in Hart ford, were stored as the recent Turrest in Hart ford were stored as the recent Turrest in Hart ford were stored as the recent Turrest in Hart ford were stored as the recent Turrest in Hart ford were stored as the recent Turrest in Hart ford were stored as the recent Turrest in Hart ford were stored as the recent Turrest in Hart ford were stored as the recent ford were stored as the recent ford were stored as them really handsome buildings, and arranged cludes are one now engineering secured in every way to provide for the comfort of ford, were \$1.000, or which \$800 were not profit to the soriety. Five hundred kegs of lager, quivalent to 60.000 glasses, were drink, yet not a terman was drunk or quirelsome, nor was a constraint. being painty bitcred, and attentive, uniformed officials always on bind to give information Refreshment saloons are generally to be found where estable of all kinds are to be had. The first, second and third class booking or ticket offices are in different puris of the huilding and there is no unphassat crowding in procur me tickete, and none but those who are holders

of tickets are permitted may be accounted to the tickets bring examined on entering a gate when you take your truin and given up it the depot when you leave the train Everything is done upon to most perfect system, the adjunction of the most percentage and accelent, the rocket being senced in to prevent argumats from best-curing the resulting against accelent, the rocket being senced in to prevent argumats from best-curing the resulting the rack by laws promiting heavy fines for so doing, and aimout on Every indirectment is held out to induce the resulting of the first by most extension trains at reduced tires are run on unarity all railways, and the public made ware of the first by most extension and the adjacent country may be seen, on the statements of Lendon and the adjacent country may be seen, on the statement of the first by most extension and the adjacent country may be seen, on the statement of Lendon and the adjacent country may be seen, on the statement of Lendon and the adjacent country may be seen, on the statement of Lendon and the adjacent country may be seen, on the statement of the first by and Monday for three shiftings, and "Nine hours at Brighton every Sunday and Monday for three shiftings, and "Nine hours at Brighton every Sunday and Monday for three shiftings, and "Nine hours at Brighton every Sunday and Monday for three shiftings and "Nine hours at Brighton every Sunday and Monday for three shiftings and "Nine hours at Brighton every Sunday and Monday for three shiftings and "Nine hours at Brighton every Sunday and Monday for three shiftings and "Nine hours at Brighton every Sunday and Monday for three shiftings and "Nine hours at Brighton every Sunday and Monday for three shiftings and "Nine of tickets are permitted near the cars, the

the feethy most extensive advertising of it ill parts of Lendon and the adjacent country my in seen, on 'lisak walls, incos, &s huge pasters with "10 Bighton and the adjacent country my in seen, on 'lisak walls, incos, &s huge pasters with "10 Bighton and hack every Sun day and Monday for three shiftings," and "Nimo hours at Brighton every Sunday and Monday for three shiftings, and "Nimo hours at Brighton every Sunday and Monday for three shiftings," and in feet every three shiftings, and in feet every where you happen to go. In public, seeing this so much, are not long in fading out that the London, Brighton and Soon Coast Railway will, on any Sunday or Monday, taxe you be Brighton, of the sea coset, about fity lites from London, Brighton and Soon Coast Railway will, on any Sunday or Monday, taxe you of Brighton, of the sea coset, about fity lites from London, Coat the sea coset, about fity lites from London, Coat the sea coset, about fity lites from London, Coat the sea coset, about fity lites from London, Coat the sea coset, about fity lites from London, Coat the condon, for three shifting, or shout and for the coat of the Library Association poorer classes are enabled to Indulge in a dip in the sea, possibly several times during the season, and the road derives a pecuniary benefit from it.

CAR SISTEM

that in the letter case the construction of the cars would prevent it. This may be the case, and it would be quite impossible to after the present it ingenie at of cars, you know.

However, there are many things which will give a course to an American in traveling on a fugitist rather say and which he would If an improve health and the change let be the better and from observations and the change let be the the day is not far distinction and the though let be the day is not far distinction. The case we have the content to move adong in the sine channel that foreign the say of the health account the sine channel that foreign he would into an other says a case of the state content to move along in the same channel that foreign the say of the better can be made. DLTROIT. Herrible Tragedy

A horrible Tragedy

A horrible tragedy occurred list eight at Helle River a small station on the Great Wessern Rations, andle like saw and gristin it of Van Orden was hurned. Van Orden, his wife and nephow were consumed in the flames. It is supposed they were mardered as a robbed and the mill then fired. Whilet this mill was hyrning another until in the vicinity, owned by Patrols parties, was set on fire and totally destroyed, together with a million feet of Ismber.
